

Submitter: Ryan Rhodes

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB4141

As a member of Oregon, I disagree with this mandate. Diesel has become a lot cleaner in its design. Regardless, it is needed to haul bigger equipment. A better way to solve this is to replace diesel with something better or equally sufficient. Removing diesel will only cause an economic crisis for businesses such as farms, gas stations, and any other business that sells or uses diesel.
