

Submitter: David Wall
On Behalf Of: Mr Oregon Supports all Firefighters
Committee: House Committee On Revenue
Measure: HB4097

Friday, [02.11.22]

I SUPPORT [HB 4097]!

All Oregonians owe sincere acts of gratitude to all Firefighters but, especially to those brave men and women who are 'Volunteer firefighters'.

From my perspective-Oregon is a 'cheap-ass state' who does not adequately 'Fund' firefighting but, relies on the extreme bravery, dedication and selfless commitment by Volunteer Firefighters to risk; 'life, limb and lungs' to protect us all from slowly burning to death. (Not to forget higher rates of cancers.)

We Oregonians are required to remedy the substandard treatment of Volunteer Firefighters and requires the State of Oregon Legislature to get-off of their lazy, incompetent backsides and fix the problems Volunteer Firefighters silently and gallantly endure.

David S. Wall

Mr. Oregon Concur-The State of Oregon should 'hire' all 'Volunteer Firefighters' with good salaries, benefits and generous retirement packages since wildfires threaten us all-year long.
