

Submitter: Tim McCormick
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB4141

A diesel ban will be devastating to all of whirl Oregon and the farming economy logging economy the technology to replace diesel is not even close to being ready this is some thing that everybody's a knee-jerk reaction way ahead of its time it's not that I disagree with clean air and him helping the environment with this is a very very scary making policies before the technology is even available Tim McCormick Culver
