On Behalf Of:
Committee: House Committee On Housing
Measure: HB4118

As a long-time member of 1000 Friends of Oregon, and as a proponent of Oregon's land use program, I support 1000 Friends position in opposition to this bill, for the reasons they will cite, i.e., that it is too broad in scope, allows too much circumvention of public process, and does violence to established UGB process. Thanks for the chance to comment. – Sam Lowry, Redmond
