Committee:                 Joint Committee On Transportation

Measure:                    HB4141

Please! OPPOSE HB 4141.

Why must we have to ask you to not pass these stupid "IDEAS?".

So tiring! We need fuel to keep warm, drive, eat, grow, harvest... if you do this (pass the bill) how will YOU fare?

This is you, your family... life as well.

Thank you for being smarter than most think!
