

Submitter: Brandi Stone

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB4141

The HB4141 would absolutely bankrupt Oregon! I can't even believe this is being considered?! My head is also spinning with the bills that are sneaking by the people at a fast rate. Please stop this bill! This would affect everyone in Oregon! My entire logging family, my family farmers, my family gravel road maintenance crew and my family paving company! I'm begging you! Please don't! Please!

Sincerely,
a very concerned Oregon resident for 48 years.
