

Submitter: Amelia Barton
On Behalf Of:
Committee: House Committee On Education
Measure: SB1521

I strongly oppose SB 1521.

It is important not to reduce the oversight responsibility of a LOCAL school board in regard to decisions for terminating the district superintendent. The school board are elected to their office to uphold the priorities of their community, and their ability to fire Superintendents should be maintained.

School boards are made up of parents, and have the closest and most representative insights into the needs of the local kids in schools.

Please vote NO and stop this bill from moving forward.

Thank you.
