

Submitter: Tania Brammer
On Behalf Of:
Committee: House Committee On Education
Measure: SB1521

I am in complete support of SB 1521. Schools & school boards are supposed to be non-partisan. By allowing boards to terminate employment of superintendents without cause we venture into a very slippery slope. Terminations without cause end up becoming politically charged, taking away the neutral, non-partisan stance the school board should be taking. This is especially apparent in Newberg with the termination of Dr Morelock. There is a large population of Newberg/Dundee voters/citizens/parents/school staff who see Dr Morelocks termination as a political move and not one in the best interest of our schools & students
