

Submitter: Jerry Ritter

On Behalf Of:

Committee: House Committee On Health Care

Measure: SB1529

SB 1529A appears to expand the list of those who can declare a "health emergency" which used to be authorized for the governor. OHA is unelected and unaccountable to the voters. It already has too much power. Do you see why people are losing faith in government? THIS BILL NEEDS TO BE DEEP SIXED.
