

Submitter: Ian Maxwell

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I have been boating in the Willamette since I was a kid on everything from fishing boats, non motorized, wake boats and runabouts. I am accustomed to all kinds of vessels in the Willamette river and don't think it is right to put limitations on types of vessels. I have worked in the marine industry since 2013 selling wake boats and primarily use the Willamette river. This bill would greatly impact my family, my income and my source of recreation.
