

Submitter: Kristy Overton

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

This one's a no-brainer for me. Passing this would protect fish, freshwater mussels, birds and mammals that live in the shallows of the Willamette. And what's the cost? A very small number of people would not get to use their boats to wakeboard on the Willamette. The benefits clearly outweigh the drawbacks here. Please help us protect our river!
