

Submitter: Lori Silverman

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

Please pass this bill! I watch all season what those awful waves do to the shores of our river. Rivers should not have wakes like that!

Wake boats cause havoc with other water craft too.

Thank you for your consideration. PLEASE support this thoughtful bill. This is the right thing to do for the Willamette River's health, and for other river users impacted by these craft!

Sincerely,

Lori and David Silverman
