

Submitter: Holly Garland
On Behalf Of: Myself
Committee: Senate Committee On Education
Measure: SB1552

Any Oregon student that wants or needs to use virtual public charter school should be allowed to do so.

There is no good reason an Oregon student should be prevented from having the choice to use virtual public charter school as the means of receiving an education. ALL Oregon students need the opportunity to receive the best possible education, including the right to choose virtual public charter schools! All Oregon students should have school choice the money should follow the student ALWAYS.
