Re: "Yes" on HB 4037A

Dear Senator Jama and members of the Committee:

I hope you will pass HB 4037 out of committee. It would allow underutilized state property to be used for transitional small dwellings for those who are houseless.

This makes total sense. To the best of my knowledge, this does not endanger farm land, UGB's, and other strongholds of our land use planning system. We need to help people get out of sleeping bags and this is a great step in the right direction.

Thank you for your consideration.
