

Submitter: John Drzal

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

To the Members of the Oregon House Committee on Environment and Natural Resources,

I support SB 1589, and strongly support your approval to advance this measure to the House floor. This bill would provide greatly needed enhancements to the safety of non-motorized users and the Willamette River ecology. This bill has won the approval of the Oregon Senate twice, just recently and during the fall legislation session. The bill won several Republican votes then, which reveals the bipartisan nature of the bill. Everyone agrees safety of people on the river is not up for debate. I urge you to follow in the footsteps of your Senate legislative colleagues and advance SB1589 further in the process of becoming good Oregon law.

Thank you,

John Drzal  
Salem, OR
