

Submitter: Jon Bowdoin

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I strongly oppose this proposed bill.

The proposed restrictions are being pushed through by a small but vocal group of privileged riverfront homeowners, without adequate scientific research or basis for their positions. The impacts of the potential restrictions are devastating for many small businesses, families recreating on the public waterway, and most of the riverfront homeowners in the Newberg pool section of the Willamette River.
