Measure: SB1589

I am a constituent who very much opposes this bill. I have used their section of the river with my family in a responsible way for years. Some of our fondest family memories have taken place in the Newburgh pool on our boat. This bill goes too far in restricting access to a very small section of river that is already heavily regulated with only two very small sections where one can surf. It will also have a devastating effect on hundreds of families whose livelihood comes from those who boat on that section of the river. It can be shared by all in a responsible manner. This bill goes too far. The river is all of ours.
