Measure: SB1529

Dear Legislators,

I ask you to please oppose SB 1529 A-engrossed. I don't want an unelected official to have unchecked power over Oregonians. There are no guidelines to restrict or provide framework of what classifies as an emergency, or the limitations of that. This is too much power that could negatively affect Oregonian lives. Oregon has already suffered under the emergency restrictions under Governor Brown. I do not want SB 1529 A-Engrossed to pass.
