

Submitter: MICHAEL ORLANDO

On Behalf Of: Friends of the Willamette

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I oppose this bill because of its unfair to property owners on the river who pay high property taxes and buy expensive boats to use with families and friends that would weigh more and thus become illegal.

It is unfair that special interest groups should not govern the waterways.

This bill will devastate small bignesses all up and down the River.

The river is a public water way and the public should be able to use it

The special interests need to find a better solution that benefits everyone, not just them.
