Measure: HB4131

Hello,

I am a Portland resident and I oppose the City of Portland's base bill in HB 4131-
weakening of restrictions on police use of tear gas and munition weapons against
protestors and street medics. I find it despicable that our government is already
looking to amend this bill after making progress on it just a year ago. The long term
health impacts of tear gas are very real, especially those with respiratory health
issues and those who menstruate.

I support the amendment for stronger protections submitted by civil rights advocates
in HB 4131-3.
