Measure: HB4131

It is ludicrous that you as a governing body would think to trust an organization like the PPB, which has spent the better part of 2 years brutalizing the populace without regard, with the leniency to decide when and where war crimes should be committed on their own citizens. We have regularly seen them delight in their freedom to overstep abuses of power that leave the free citizens of Oregon, from senior citizens to infants, with lasting physical damage.

I oppose any measure that expands LEO crowd control utilities in a way that risks the life and safety of its populace, and you should too.
