Measure: HB4131

I am writing in to support HB 4131-3, which the ACLU of Oregon informs me creates stronger & clearer protections for protestors & medics, as supported by civil rights advocates.

The PPB has repeatedly and recently shown itself to be violent and strongly biased against groups opposed to their violence, racism, and incompetence. They and, I fear, others, need to be informed in the clearest manner possible what they can legally do and then be held accountable when they fail for follow these clear directions.
