Committee: House Committee On Environment and Natural Resources

Measure: SB1589

Please do not support this bill! I have been a riverfront home owner for over 4 years and have enjoyed many wonderful boating experiences with family and friends on the Willamette River over the years. Taking this away from our families and community would be such a shame... we love the river and towed water sports has been a life long tradition for our family. Please vote against this Newberg Pool Bill, it would be a huge detriment to our community. This will negatively impact families, businesses and would be so disappointing. As an Oregon business owner, river front property owner, tax payer and avid voter, I would like to have my view shared that opposing this bill would be in all of our best interests. Thank you so much for your time! Best regards, Kahren Oxner
