

Submitter: Joe Pfeiger

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

****OPPOSE**** We have used this water way safely and respectfully for over 20 years. There is zero actual evidence of environmental issues regarding wake surfing in the already small wake zones. The 5,000 weight limit bans all new production water sports boats from getting a towed water sports permit. This will harshly effect our business and customers that we have sold boats too that use this already highly restricted water way. Oppose this ridiculous bill.
