

Submitter: Erick Headrick

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

The willamette river is a public waterway and should be open to use by all who wish to enjoy it. The personal interests of a few wealthy and high profile owners should never be put ahead of the hundreds of families that use the waterway to make memories and enjoy the natural resources of our state. There is no scientific reason yo restrict towed watersports any more than they have already been.
