

Submitter: Lori Silverman

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

As an avid hiker, boater, kayaker, paddle boarder, and fisherperson on the Willamette, I beg you to please pass SB1589 as presented and DO NOT amend the bill with proposed Amendments -7, -10, -11, -12, -13, -14.

Enough is enough, we have a huge amount of support to get this bill passed, as it is. The riverbeds will flourish in the peaceful flow of a river as it should NATURALLY flow, not with artificial wakes. If you could see the beauty of the Willamette right now, you wouldn't take a moment to pass the bill as is and support the continued beauty. Trust the science, trust NOAA, trust the report from the University of Minnesota. Please be resolved in your support of this bill as it passed in the senate. move it forward. PASS it AS IS please.

Thank you,  
Lori Silverman
