

Submitter: Scott Parnell
On Behalf Of: Samson Sports and my family
Committee: House Committee On Environment and Natural Resources
Measure: SB1589

Please do not destroy my family's fun and hurt our business.
I have been skiing/surfing/wakeboarding and tubing on the Willamette for the last 35 years. It is one of my family's favorite summertime activities.

I am the owner of Samson Sports. We build products for boaters. Yes- we are an American based manufacturer and make everything in the USA.
We employ 32 skilled/well paid team members. Our business depends on the public being able to use this precious public waterway. Please don't let the vocal minority displace my family and many other families from making memories. I depend on this river for fun and for employment.

Respectfully, Scott Parnell
