On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I strongly oppose this bill, as it is not fair to restrict natural waterways to traffic. these are public waterways that should not be governed by distraught people of power on the riverside.

its like someone buying a house next to the highway and complain when a semi drives by. I just hope that middle income families can still enjoy the river and not have it be hogged by karens on paddle boards perched in the middle of a thoroughfare.

I just don't understand, and maybe i never will.
