

Submitter: Karen Ashikeh
On Behalf Of: DSA Immigrants Rights Committee
Committee: Joint Committee On Farm Worker Overtime
Measure: HB4002

Immigrant labor is the backbone of agriculture throughout Oregon and should be included in Overtime Pay requirements for all Agriculture Workers, including farm or crew Management workers, health and safety Managers and those doing direct work on care of crops or crop-related work and harvesting. These workers should be covered by overtime pay as well as safety and labor regulation measures required for other employees, in other industries. These worker benefits should be available to all, no mater what their immigration status or citizenship status.

Thank you for considering basic workers' rights in Oregon for all workers.
