

Submitter: Robert Powell  
On Behalf Of: Agriculture -  
Committee: Joint Committee On Farm Worker Overtime  
Measure: HB4002

To Committee:

The agricultural community is not a stable community, as nature does not concern "herself" with either the foolish, or the draconian. The HB 4002, is a "never let a crisis go to waste bill. If we "ostensibly" desire to raise the status of an employee group through pandering, remember, just like Nature, remember, everyone eats. While some are simply emotion oriented by the latest greatest pretence, our timeline of civil destruction, homeless issues, and violence is perfectly paralleled by the downward spiraling of the "Once Great State of Oregon". Soros, who loves Chaos, certainly knew his subject, when he funded Governor Brown.

Since we have unknown numbers of Illegal Foreign Nationals, and other more pressing issues, ( the now Black Rose ) while this bill is a great propaganda tool, an independent economic audit ( actually ) what the "Left" used to call - an Environmental Impact Report, should be commissioned.

Vote NO on this bill, we are a society of individuals, not a "Dysfunctional Family" group. Playing one group against another, is both immoral and Atheistic.
