

Submitter: Maddy McCabe

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

This bill is discriminatory and may create a cost-prohibitive situation for those wanting to enjoy Oregon's natural resources. I grew up boating on the same boat my family bought when I was 8 years old. Should this bill pass, we will no longer be able to enjoy the boat we've put a lot of money and energy into maintaining. Buying a new boat that meets the weight limit is simply out of the question. This bill caters to the elite and restricts water usage to a select few who have the money to act within the confines of the bill.
