

Submitter: David Wall
On Behalf Of: Mr Oregon remains Neutral HB 4016A
Committee: Senate Committee On Rules
Measure: HB4016

Thursday, [02.24.22]

I am Neutral on [HB 4016A].

[HB 4016A] has so many unfair loop-holes it should be consider fouled swiss-cheese.

BY kowtowing to the current producers you discriminate against the new-comers to grow cannabis.

And, what about the applicants who already are in various stages of the application process-Do these people lose their investment (license fees, et cetera)?

If [HB 4016A] is passed the new-comers could be large corporations and the market place would be saturated.

Is [HB 4016A] a subtle variation of price control via controlling the growing and processing of cannabis? Price-fixing?

Oregon already is allocating funds from the GENERAL FUND to pay for law enforcement of illegal cannabis growing operations, processing and sales.

Why would Oregon even conceive of allowing Community Based Organizations to perform regulatory (law) enforcement? Some of these people can be readily 'bought-off'.

Do not forget the Measure 110 addicts that are being treated as a result of Oregon being nothing more than Drug Cartel. Treatment and rehabilitation costs continue to soar.

Nope, [HB 4016A] is a shameful, discriminatory piece of crap.

Mr. Oregon Concur-Just reading the Text of [HB 4016A] makes me want to spark a doobie to relieve my headache.
