On Behalf Of: Mr Oregon Oppose HB 5202

Committee: Joint Committee On Ways and Means Subcommittee On Capital Construction

Measure: HB5202

Tuesday, [03.01.22]

I OPPOSE [HB 5202]. "Appropriates moneys from General Fund to specified state agencies for biennial expenses."

As a fiscal conservative I find [HB 5202] fraught with fat.

My main objection to [HB 5202] is each 'Section of Appropriations' should have been expanded and in most cases, should alone and designated as independent 'Bills'.

[HB 5202] as constructed, is an abysmal failure.

Taxpayers need more information to direct allocations of our monies.

You should be ashamed of yourselves with the 'poor treatment' of the Oregon State Police [Sections (20) and (21)].
