Establishes process for such annexation. Exempts such annexation from the following requirements for RFPD formation: that county board determine territory of RFPD and that a conference be held with Department of Forestry prior to annexation. Provides that annexation is not subject to election. Provides that annexed lands are subject to outstanding indebtedness of RFPD, permanent rate limit established by RFPD, and local option taxes imposed by RFPD. Provides that annexed lands may be subject to district assessments for fire protection and fee for services provided by the RFPD. Provides that boundary change or proposed boundary change resulting from annexation applies in tax year beginning July 1, 2022, if boundary change or proposed boundary change is certain to become effective before July 1, 2022, and board of directors files final approved forms of legal description and map with county assessor and Department of Revenue on or before June 15, 2022. ##### **BACKGROUND:**

Rural Fire Protection Districts (RFPDs) are special districts created to provide fire protection in rural areas of Oregon. RFPDs are formed under ORS 478.010 to 478.160. Counties have the authority to determine the territory included in an RFPD, subject to restrictions concerning territory within a city, water supply district, certain forestlands, railroad rights-of-way, and ocean shores, and subject to a special district petition, hearing, election, and notice requirements. There are currently over 200 RFPDs in the state.
