11 “(a) Sign and record in the deed records for the county where the
12 eligible forest conservation area is located an irrevocable deed re-
13 striction prohibiting the owner and the owner’s successors in interest
14 from conducting a harvest or otherwise removing trees within the
15 forest conservation area for which a credit has been claimed. The deed
16 restriction shall allow for incidental tree removal and for tree removal
17 for public safety purposes. The deed restriction shall specify the
18 amount of the credit and the expiration date of the harvest restriction
19 on the forest conservation area. The State Forestry Department shall

26 to the Department of Revenue upon request.

28 credit, including costs of appraisal and costs to file and record the deed
29 restriction required under this section.

30 “(d) Notify any immediate successor owner of the forest conserva-

1 tion area of the terms of the credit and the potential obligation of
2 successor owners to repay the amount of credit allowed upon violation
3 of the applicable harvest restrictions as described in section 5 of this

5 “(4) The State Forestry Department shall:

6 “(a) Maintain in the department reporting and notice system oper-

9 “(b) Provide information to the Department of Revenue about all
10 certifications issued under this section, if required by the Department
11 of Revenue under ORS 315.058.

12 “SECTION 4. (1) The amount of the tax credit allowed under section
13 2 of this 2022 Act shall be the sum of:

14 “(a) The certified stumpage value of standing timber in the forest
15 conservation area not harvested as a result of using the standard
16 practice harvest restrictions in lieu of the small forest owner mini-
17 mum option, using the standard measuring techniques of professional
18 foresters; and

19 “(b) The cost to the small forestland owner of establishing the
20 stumpage value, including the cost of appraisal performed by a pro-
21 fessional forester, and of filing and recording a deed restriction as
22 described in section 3 (3) of this 2022 Act.

23 “(2) If the small forestland owner is barred from using the small

26 scribed in subsection (1)(a) of this section shall be multiplied by 125
27 percent.

28 “(3) The applicable stumpage value of the forest conservation area
29 shall be the value as of the date of filing a notification of operation
30 under ORS 527.670, as described in section 3 (1)(a) of this 2022 Act, and

1 shall be calculated using one of the following methods:

2 “(a) The conversion return method, in which the volume of timber
3 being retained is determined by species and log grades, and a value is
4 established from current delivered log price information, less a rea-
5 sonable cost for harvest and delivery, for the area in which the re-
6 tained timber would ordinarily be sold.

7 “(b) The actual comparison method, which may be used if the tim-
8 ber being retained is similar in species and log grades to the timber
9 being harvested, and which is calculated using actual revenues from
10 the timber being harvested by the small forestland owner in the har-
11 vest area adjacent to the forest conservation area.

12 “(c) The cash flow modeling method, in which the value of standing
13 timber is determined by using the projected volume of the stand over
14 a harvest rotation based on species and site class, determining the
15 value at harvest age and then discounting the value to the present
16 date using an interest rate equal to the direct farm ownership loan
17 interest rate of the Farm Service Agency of the United States De-
18 partment of Agriculture.

19 “(4) Costs, including the cost of an appraisal and the cost of filing
20 and recording a deed restriction, may be included in the credit amount
21 only to the extent that the amount attributable to those costs is not
22 claimed as an income tax deduction by the taxpayer.

23 **“SECTION 5. (1) If a small forestland owner, or the owner’s estate,**
24 **heirs or devisees, elects to conduct a timber harvest within a forest**
25 **conservation area for which a tax credit has been allowed under sec-**
26 **tion 2 of this 2022 Act and for which a harvest restriction has been**
27 **recorded or otherwise elects to remove the harvest restriction, the**
28 **certification of the credit shall be revoked and the Department of**
29 **Revenue may proceed to collect any amounts not paid as a result of**
30 **the credit, as provided in ORS 315.061.**

1 **“(2)(a) If the timber harvest or the removal of a harvest restriction**
2 **that results in revocation is conducted by an owner other than the**
3 **small forestland owner that originally received certification for the**
4 **credit under section 3 of this 2022 Act, that successor owner shall be**
5 **liable for the entire amount certified for credit under section 3 of this**
6 **2022 Act. Interest shall be charged at the rate established in ORS**
7 **305.220 from the date of transfer of the title to the successor owner.**

8 **“(b) A revocation under this subsection does not impair the right**
9 **of a prior owner to claim the credit.**

10 **“(3) After repayment is complete, the small forestland owner shall**
11 **notify the State Forestry Department of the repayment and the de-**
12 **partment shall remove the record of the harvest restriction from the**
13 **department reporting and notice system operated under ORS 527.786**
14 **to 527.793. The small forestland owner shall cause the deed restriction**
15 **to be removed from the county deed records. The department shall**
16 **provide the small forestland owner with appropriate documentation for**
17 **this purpose.**

18 **“(4) The small forestland owner that conducts the timber harvest**
19 **shall be responsible for any penalties imposed for violations of the**
20 **Oregon Forest Practices Act arising from the harvest.**

21 **“SECTION 6. If the credit allowed under section 2 of this 2022 Act**
22 **is repealed, or is allowed by the Legislative Assembly to expire, tax-**
23 **payers that have previously received certification shall be allowed to**
24 **continue to claim the credit. Any deed restrictions associated with the**
25 **credit shall be retained.**

26 **“SECTION 7. Notwithstanding ORS 315.037, section 2 of this 2022**
27 **Act applies to all tax years beginning on or after January 1, 2023.**

28 **“SECTION 8. Section 9 of this 2022 Act is added to and made a part**
29 **of ORS chapter 118.**

30 **“SECTION 9. (1) The definitions in section 2 of this 2022 Act apply**

1 to this section.

2 “(2) If, at the date of death, a decedent held the certification for a
3 credit under section 2 of this 2022 Act, the estate of the decedent shall
4 be allowed a credit for use of the small forest option, as provided in
5 section 2 of this 2022 Act, to the extent that the credit has not been
6 used to offset income taxes.

7 “(3) If the forest conservation area for which a credit under section
8 2 of this 2022 Act was allowed is contained in the decedent’s estate,
9 and if the timber in the forest conservation area is subsequently har-
10 vested or otherwise removed in violation of the harvest restriction
11 recorded for the forest conservation area, the Department of Revenue
12 may impose additional tax, interest and penalties under ORS 118.005
13 to 118.540. The additional tax liability shall be the amount of credit
14 used against the decedent’s taxable estate.

15 “(4) The estate shall provide notice of the amount of credit received
16 to the heirs or devisees, who will maintain records of the credit used.

17 “(5) Any unused amount of credit may be distributed to the heirs
18 or devisees for use as a credit against the taxes imposed under ORS
19 chapter 316, 317 or 318.
