

Submitter: Kathy Hill
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1521

Good morning,

It is important for parents to be involved in the school board for the welfare of their children. Here in Oregon, the taxpayers have continually over the past 2+ years had too many freedoms taken away and controlled by the government. At 70 years old and a life long democrat, I feel the government under control of my life long democratic government no longer represents the will of the people. Time for government to take a step back and allow parents to determine what is best for their childrens best interest, both emotionally and health wise.

Due to our current Democrat controlled government, I have now switched my party to independent.

Thank you for your time.
