

Submitter: Jason DuBois

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire Recovery

Measure: SB1564

Hello, my name is Jason. I'm a co- owner of three flavors farms in Salem. I'm emailing you to please consider my email for thought and testimony. We're a micro tier farm, we've had a license since 2018. I've had a second building rented and the build out done in anticipation that Oregon producer licenses were gonna be opened back up. Now you're meeting to shut them down after a month. I've got close to 200k invested in my building that I've got a 5 year lease on. My farm sells out every crop, we don't have cannabis sitting for months and months at a time. We're a craft farm that very much loved in oregon. We should be able to expand our business with out being hindered by big farms lobbying for this to happen. Micro tier farm's normally sell out, we don't over produce, it's hard to have over production when you only have 500 sq ft too grow in. We need to be able to feed our families. Big corporate grows are killing the oregon cannabis market. Small craft guys need to be able to expand. We're not the problem. Thanks for your time.

Jay
