# THE GENDER INFORMED PRACTICES ASSESSMENT (GIPA)

C E P P  
Center for  
Effective  
Public Policy

*The GIPA evaluates a prison's alignment with gender responsive, trauma-informed, and evidence-based practices, providing an analysis of strengths, challenges, and opportunities across 12 intersecting domains:*

1. Leadership and Philosophy
2. External Support
3. Facility
4. Management and Operations
5. Staffing and Training
6. Facility Culture
7. Resident Discipline
8. Classification and Assessment
9. Case and Transitional Planning
10. Research-Based Program Areas
11. Services
12. Quality Assurance and Evaluation

By implementing the GIPA, Oregon is positioning itself to become a national leader in the advancement of gender responsive practices—leading to improved outcomes among incarcerated women, enhancing public safety, and interrupting generational cycles of justice system involvement.
