

SUBCOMMITTEE RECOMMENDATION

Item 39: Department of Transportation Bikeshare

To: Ways and Means Full Committee
From: Transportation and Economic Development Subcommittee
Carrier: Senator Hansell

The Transportation and Economic Development Subcommittee recommends that the Joint Interim Committee on Ways and Means approve the submission of a federal grant application to the U.S. Department of Transportation in the amount of \$2 million for integrated planning for local and intra-city transit with shared mobility modes.

If awarded, the grant will be used by ODOT and the City of Eugene to plan and deploy an application platform that integrates trip planning and payment across multiple transportation providers, with the goal of providing door to door transit while reducing reliance on personal automobiles. If such a project is funded and proves successful, the technology could be replicated, scaled, and shared in other cities. The grant application is due October 10th and no matching funds are required.

The Transportation and Economic Development Subcommittee recommends approval.
