

Dear Oregon Legislature,

Measure 110 has been an abject failure. Our family has personally witnessed overt drug use ON A DAILY BASIS in Portland. We've been harassed and assaulted by drug addicts. We need law enforcement that can force people into mandatory addiction treatment. The addicts lives are Not getting better because of this law. And, with every addict, Our lives become worse, tremendously worse. We've had addicts roaming neighborhoods looking for stuff to grab. We've seen addicts taking a crap on sidewalks. We've seen addicts grabbing dead rats to eat and others to taunt passers-by.

Enough is enough, if we don't clean this city up, it will continue to die.

Sincerely,

George Cluen
