

Measure 110 is making some of Oregon's biggest problems worse: addiction, overdoses, homelessness, mental health, & public safety. Sadly, rampant public drug use is now part of Portland's daily life and national reputation. I have lived in Portland for 20 years and it is disgusting and sad how much the measure has changed the city and now the state. When I go out to the coast now I see the meth users and their zombie RV's making their way out there too. I had to sell my home that I lived in for years on the east side and move to the West side because I didn't feel safe and now it's creeping to the west side also. This measure was the worst idea & needs to be revoked NOW!!
