

Oregon Legislators:

I write to support stricter drug laws. Measure 110 is not working and is bringing our communities and cities down. We are better than living like this.

*Make lethal drugs a misdemeanor crime again.

*Give law enforcement the tools to steer drug addicts to treatment facilities.

*Increase penalties for drug dealing and public drug use.

We need get up from the sidelines and take action now; people are dying in record numbers.

We are better than this.

Please lift us up as society of Oregonians.

We cannot tolerate this any longer and will vote for change.

Sincerely,

CM Bishop
