

Dear Committee Members:

I support tolling but only if revenue is shared with local partners and directed to public and active transportation, not expanding highways which induce demand for more passenger vehicle trips.

It cannot be overstated how much the I-5 Rose Quarter project has damaged community trust in ODOT.

Sincerely,

Michelle DuBarry, mom of Seamus DuBarry, who was killed on an ODOT road at 22 months  
Member, Oregon and Southwest Washington Families for Safe Streets
