

Donald Winn

What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?

I am requesting that ODOT perform an EIS for the \$2 BILLION (and likely more!) Rose Quarter Freeway Expansion. This huge addition will affect the health and wellbeing of all who live in the area and it needs to be assessed. This money could be spent in a myriad number of better ways, like repairing the hundreds of miles of poor streets, making streets safer, providing electric busses, more charging stations and other climate friendly options. Thank you very much.
