What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?

(these comments are my own, not representing an organization)

One thing I did not hear in your meeting yesterday morning was any concern about WHICH roads are going to be tolled. It seems crazy that we are only looking at tolling I-5 and I-205 and not at 217, 26, I-405 and I-84 which all feed in and out of downtown Portland. These are all equally important connections and are incredibly congested on a daily basis.

I think we should be looking at all the roads at the same time in the name of equity, otherwise we will just have to do this all over again. I also think taking this systematic approach will lead to better outcomes.
