

To Whom It May Concern,

I am writing to request Oregon legislators to address Measure 110 immediately. Specifically, to make changes to this ill-conceived bill that is not working. This measure has caused devastating issues for the State of Oregon.

I am a native Oregonian growing up in Portland. My husband and I are heartbroken by the deterioration of the once lovely city. We moved to Bend to escape the downward spiral of the homeless, drugs and crime.

With our liberal drug law outlined in measure 110, Bend is now experiencing the same fate as Portland. It seems folks come here because they can do as they please. There is no accountability for these people doing drugs. Yet, the taxpayers must be responsible for cleaning up their camps and needles used for dangerous drugs. How is this right?

Something needs to be done NOW!!! Let's take back control of our beautiful State. There must be some accountability for drug use and crime. Legislators, do your job!

Best,
Melva Manning
