

Drug use in Portland has destroyed the city I grew up in. I am 67, at the age of 12, I used to deliver jewelry all over downtown Portland for a summer job. I walked all over downtown including Burnside by many alcoholics. I carried thousands of dollars of jewelry. Not once was I ever bothered.

Today, Drug use combined with mental illness has turned Portland into a very dangerous place. It is time to fix the mess created by measure 110. Please repeal this law and treat the drug and mental illness issues with programs to get these people off of the streets.

Thank you
