

I voted for Measure 110 under the assumption that it would help addicts get sober and treat them like humans with an addiction problem rather than into convicts with a record.

Unfortunately the way this measure has played out is that it decriminalized drugs but did nothing to enforce that addicts get sober and clean.

We need to do something! I am in support of the following:

- Make possession of lethal drugs like fentanyl, heroin, and meth a misdemeanor crime again.
- Give law enforcement tools to steer addicts toward mandatory treatment and away from jail.
- Prioritize diversion programs that put drug users on the path to recovery and a clean criminal record.
- Increase penalties for drug dealing and public drug use.
