**What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?**

WE **\*\*DESPERATELY\*\*** NEED solutions that are **\*\*FORWARD-THINKING\*\***!! This is a terrible solution from a time gone by, adding more lanes, especially at the expense of historically disadvantaged neighborhoods, is not productive, not helpful, and quite honestly, destructive towards the future of Portland, Oregon, the Pacific Northwest, and all ties therein. An EIS study should be **MANDATORY** at the **MINIMUM** for such a destructive and miserable option, but honestly the whole expansion plan should be scrapped.
