

Portland Bridge Pedal Event summer 2023; there must have been more than 10,00 bicyclists in attendance. It goes to show how many bicyclists get out when there are safe bicycle paths available.

Visit [bikeskyway.org](https://bikeskyway.org) for more info, images and video testimony from petition signers.

**Scale model of an example bicycle skyway;  
visit [bikeskyway.org](http://bikeskyway.org) for more info, images and video**

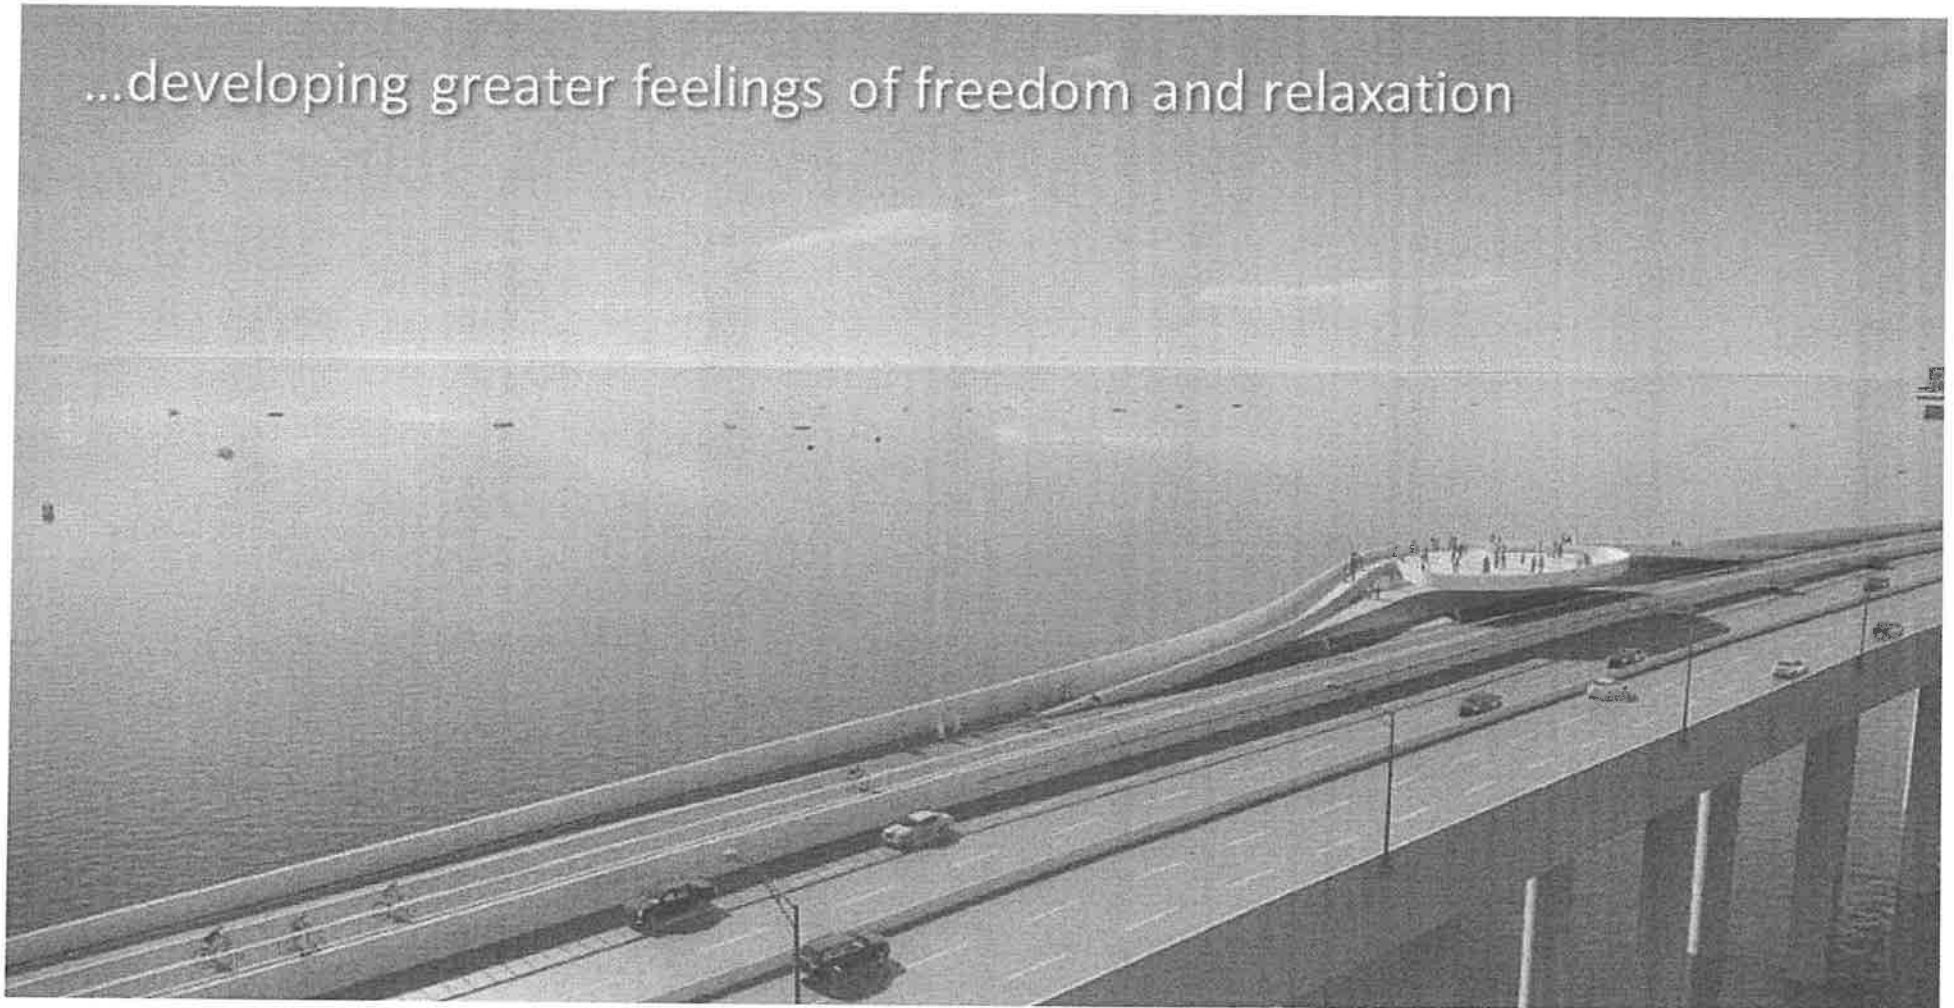

Raised bicycle platform in Denmark (Oops they forgot the roof, but we can install that on ours in Portland)

Plan Z for Miami, a not for profit organization in South Florida, has been proposing an adjacent bicycle pathway to the Rickenbacker Causeway next to Miami. Their 4 minute youtube video 'Plan Z for Miami' graphically displays the entire course.

...developing greater feelings of freedom and relaxation

The ODOT STIP (statewide Transportation Improvement Program) on the following pages has multiple examples of available funds (circled in green) received in public monthly email updates which can be used for bicycle infrastructure instead.

My favorite at the bottom of page 1

*“ODOT statewide electric fleet purchase, Add new project from the statewide carbon reduction program”*

A bicycle skyway system certainly fits the bill in terms of “carbon reduction”

How about page 1; key #23053, (seventh down from top); under ‘Action’ - *“Reduce the construction phase by \$978,000”*

That’s another \$one million that can be used for (as one example);

*Preliminary engineering design review of raised bicycle platform for North Portland*

Among other projects listed and their re-arrangement of funds.

You cannot use the excuse that there are no funds available. There are plenty of funds floating around between projects.

We can move forward with bicycle skyway design projects.

AMENDMENTS APPROVED 11/1/2023 THROUGH 11/15/2023

**proposed project changes**

Key#	Reg	Amendment Number	Project Name	Action
21833	6	24-27-0080	TOCS Advanced Traveler Information improvements	Cancel the project.
22743	6	24-27-0082	TOCS Event Management Screen Improvements	Cancel the project.
22747	6	24-27-0083	TOCS Command Line Improvements	Cancel the project.
23495	6	24-27-0084	Broadband Coordination Prioritization FFY24	Add new project, moving funds from project key 20394.
20394	6	24-27-0084	Statewide ITS program FFY21	Reduce the project by \$155,000, moving funds to project keys 23495 and 23523.
23523	6	24-27-0084	Advanced Traffic Management Replacement Analysis	Add new project, moving funds from project key 20394.
23053	3	24-27-0474	Southwest Oregon Rural Intersection Safety Improvements	Reduce the Construction phase by \$978,774. Update the project locations by removing some message board locations from scope of work.
23483	3	24-27-0471	US101: Reedsport Lane Reconfiguration	Update the project location mile points from 212.20-212.80 to 211.91-212.80.
23545	4	24-27-0479	CTWS Solar Street Lights fund transfer	Add new project, using funding from the statewide carbon reduction program.
23544	2	24-27-0478	Grand Ronde Tribe Electric Vehicles and Chargers	Add new project, using funding from the statewide carbon reduction program.
22072	4	24-27-0485	US20 at Locust Street (Sisters)	Update project location mile points on US-20 from 92.75-93.02 to mile points 0.00-.010 and 92.75-93.07 and add mile points 93.08-93.15 on OR-126.
21738	2	24-27-0168	OR126: Blue River and Fish Hole Bridges	Add a Construction phase, moving funds from project keys 23288 and from the roadside barrier upgrades program.
23288	6	24-27-0168	Statewide Bridge program construction reserve FFY25	Reduce the project by \$2,926,810, moving funds to project key 21738.
23457	2	24-27-0503	OR99W Corridor Safety & Intersection Improvements	Add a Construction phase, using a federal grant.
22508	2	24-27-0498	I-5: Halsey to Lane County Line	Update project location mile points from 203.55-216.14 to 203.55-216.92 (southbound) and add work on the northbound lanes (mile points 203.55-216.84). Add a Construction phase, moving funds from project key 23313 and savings from the interstate maintenance program.
23313	6	24-27-0498	Statewide interstate maintenance construction reserve FFY24	Reduce the project by \$29,218,996.28 and move to project key 22508.
23550	6	24-27-0501	ODOT Statewide Electric Fleet Purchase	Add new project, using funding from the statewide carbon reduction program.

changes to projects already approved

Key#	Reg	Amendment Number	Project Name	Action	Approved Date
23480	3	24-27-0443	OR99: Glenwood - Matt Loop	Add project to the current STIP.	11/3/2023
22737	3	24-27-0015	I-5: from Creswell to the California border	Add project to the current STIP.	11/6/2023
22290	3	24-27-0031	Southern Oregon Seismic Bridge Retrofit (Phase 3)	Add project to the current STIP.	11/6/2023
21724	3	24-27-0074	McAndrews Road Cycle Track (Medford)	Add project to the current STIP.	11/6/2023
21699	3	24-27-0075	I-5: Southern Oregon Wrong Way Driver Mitigation	Add project to the current STIP.	11/6/2023
20391	4	24-27-0143	US20: Empire - Greenwood (3rd St, Bend)	Add project to the current STIP. Slip the Right of Way and Utility Relocation phases to start in federal fiscal year 2025.	11/6/2023
22652	3	24-27-0186	Enhanced Mobility Program (5310) - Josephine Co FFY20	Add project to the current STIP.	11/6/2023
22650	3	24-27-0187	Enhanced Mobility Program (5310) RVTD FFY20	Add project to the current STIP.	11/6/2023

22038	3	24-27-0190	Oregon Transportation Network - Josephine Co FFY23	Add project to the current STIP.	11/6/2023
22025	3	24-27-0191	Oregon Transportation Network - RVTD FFY22	Add project to the current STIP.	11/6/2023
22023	3	24-27-0192	Oregon Transportation Network - Josephine Co FFY22	Add project to the current STIP.	11/6/2023
21982	3	24-27-0193	Enhanced Mobility Program - RVTD FFY23	Add project to the current STIP.	11/6/2023
21979	3	24-27-0194	Enhanced Mobility Program - Josephine Co FFY23	Add project to the current STIP.	11/6/2023
21970	3	24-27-0196	Enhanced Mobility Program - Josephine Co FFY22	Add project to the current STIP.	11/6/2023
21941	3	24-27-0250	Mass Transit Vehicle Replacement 22-24 Josephine County	Add project to the current STIP.	11/6/2023
22277	3	24-27-0021	Stevens Street: Crater Lake Ave to Wabash Ave	Cancel the project.	11/8/2023
22276	3	24-27-0071	Hamilton Road to Orange Street (Medford)	Cancel the project.	11/8/2023
22601	3	24-27-0261	Purchase Equipment and Construct Bus Charging Facilities	Add project to the current STIP.	11/8/2023
22670	3	24-27-0262	Mass Transit Vehicle Replacement 22-24 RVTD	Add project to the current STIP.	11/8/2023
21676	3	24-27-0409	OR99/OR238/OR62: Big X Intersection (Medford)	Increase the Construction phase by \$550,000, adding savings from the fix-it statewide bridge and the active transportation leverage programs.	11/14/2023
21838	5	24-27-0431	I-84: Hilgard - Baker City culvert repair	Reduce the Construction phase by \$160,000, moving funds to project key 21873.	11/14/2023
21873	5	24-27-0431	OR86: Fish Creek	Increase the Preliminary Engineering phase by \$160,000, moving funds from project key 21838.	11/14/2023
21759	6	24-27-0079	Operations Quick Fix FFY24	Cancel the project.	11/15/2023
22027	5	24-27-0183	Oregon Transportation Network - Umatilla Co FFY22	Add project to the current STIP.	11/15/2023

20378	4	24-27-0308	Archie Briggs Rd (Deschutes River) Bridges	Add Right of Way and Utility Relocation phases, using savings from the statewide local bridge program. Increase the Preliminary Engineering phase by \$350,943, adding savings from the statewide local bridge program.	11/15/2023
21711	1	24-27-0429	OR35: US26 overcrossing bridge	Update project location mile points from 57.57-57.63 to 57.47-57.68.	11/15/2023
22517	5	24-27-0439	I-84: Tower Road - Stanfield	Update the project location mile points from 163.42-188.04 to 159.30-188.04.	11/15/2023
23429	5	24-27-0440	Umatilla/Morrow County curb ramps phase 2A	Add project to the current STIP.	11/15/2023
21649	5	24-27-0441	I-84: exit 216 east bound off-ramp	Add project to the current STIP.	11/15/2023
23430	5	24-27-0442	Umatilla/Morrow County curb ramps phase 2B	Add project to the current STIP and slip the Construction phase to start in federal fiscal year 2025.	11/15/2023
21121	1	24-27-0446	OR210: SW Scholls Ferry Rd - SW Hall Blvd ITS	Add project to the current STIP.	11/15/2023
21635	1	24-27-0447	SE Flavel St at 72nd Ave (Portland)	Add project to the current STIP.	11/15/2023
22175	1	24-27-0448	TriMet Bus Purchase (2023)	Add project to the current STIP.	11/15/2023
20741	2	24-27-0449	Verda Ln: Dearborn Av to Ascot Lane (Keizer)	Slip the Construction phase to start in federal fiscal year 2025.	11/15/2023
21575	4	24-27-0451	US197: Maupin to BLM Access Improvements	Slip the Construction phase to start in federal fiscal year 2025.	11/15/2023
22576	1	24-27-0453	Monroe St: SE 21st Ave - 34th Ave (Milwaukie)	Add project to the current STIP.	11/15/2023
23463	1	24-27-0454	TriMet Transit center EV chargers	Add project to the current STIP.	11/15/2023
21872	1	24-27-0456	Metro Transportation Alternatives Program funding	Add project to the current STIP.	11/15/2023
22191	1	24-27-0457	SMART Bus and Bus Facilities (Capital) (2022)	Cancel project and all phases due to TriMet 5307 fund swap.	11/15/2023
21718	3	24-27-0470	OR38: Hinsdale Slough Culvert	Slip the Construction phase to start in federal fiscal year 2025.	11/15/2023
21017	3	24-27-0472	West Pine St reconstruction	Increase the Construction phase by \$28,933.38 and update the phase funding.	11/15/2023
20252	2	24-27-0473	US101: urban upgrade (Garibaldi)	Increase the Preliminary Engineering phase by \$200,000 and the Construction phase by \$650,000, adding ADA program funds.	11/15/2023
23547	6	24-27-0486	Vulnerable User Crash Response Program FFY24-27	Add new project, using statewide HB safety program funds.	11/15/2023
21563	2	24-27-0491	Bailey Hill Rd at Bertelsen Rd (Eugene)	Cancel project. Scope to be delivered in K22780. FV has been completed.	11/15/2023

Unofficial signed petition supporting elevated bicycle infrastructure for the  
Portland metropolitan area  
510 signatures

Collected summer of 2022 at the PSU farmer's market

supplementary youtube video with petition signers giving video testimony;  
*bicycle infrastructure for our cities, [bikeskyway.org](https://bikeskyway.org)*

The e-bike industry is growing. It's projected to reach \$118 Billion by  
2030 according to Allied Market Research. We're only going to see more  
e-bikes and bicycles on our streets.

For more information, images and video visit [bikeskyway.org](https://bikeskyway.org).

## Top 11 reasons for a bicycle skyway system

1. No more wasting money on gas or car insurance  
As Americans we waste about \$5,000 per year on gas
2. We can travel to school or work or do our food shopping through the use of a bicycle skyway system and bypass the conventional car traffic grid
3. We have to ask ourselves, "How much longer will the gasoline last?"  
A bicycle skyway system operates completely free from the oil industry (no exploding oil rigs needed for e-bikes or bicycle infrastructure)
4. Can increase commercial retail traffic if the off-ramps are near local businesses
5. Engineering weight advantage as this infrastructure supports e-bikes and bicycles (not cars.) The infrastructure itself can be routed nearly anywhere, not only over streets, but empty land-space, rivers, water and even over trees.
6. No more 50mph car traffic whizzing past bicyclists elbows. Much safer transportation system since it is completely separate.
7. Reduces traffic congestion (incentive for more people to use e-bikes) especially for a growing population and city.
8. E-bike/bicycle usage reduces carbon emissions
9. Wonderful for personal health, more exercise
10. With costs rising overall (car payments, gas, insurance and repairs) e-bikes and bicycles are much more affordable for the average consumer
11. Extensive roof space for solar panels. Power can be used not only for nighttime lighting on the skyway, but can be diverted to nearby local businesses, strip malls, etc.

# Example route in North Portland

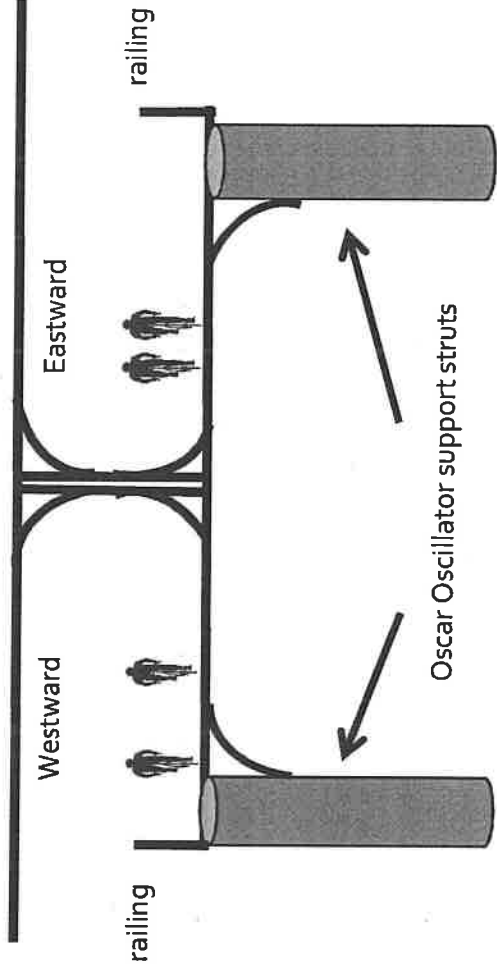

raised metro transportation infrastructure for e-bikes/bicycles

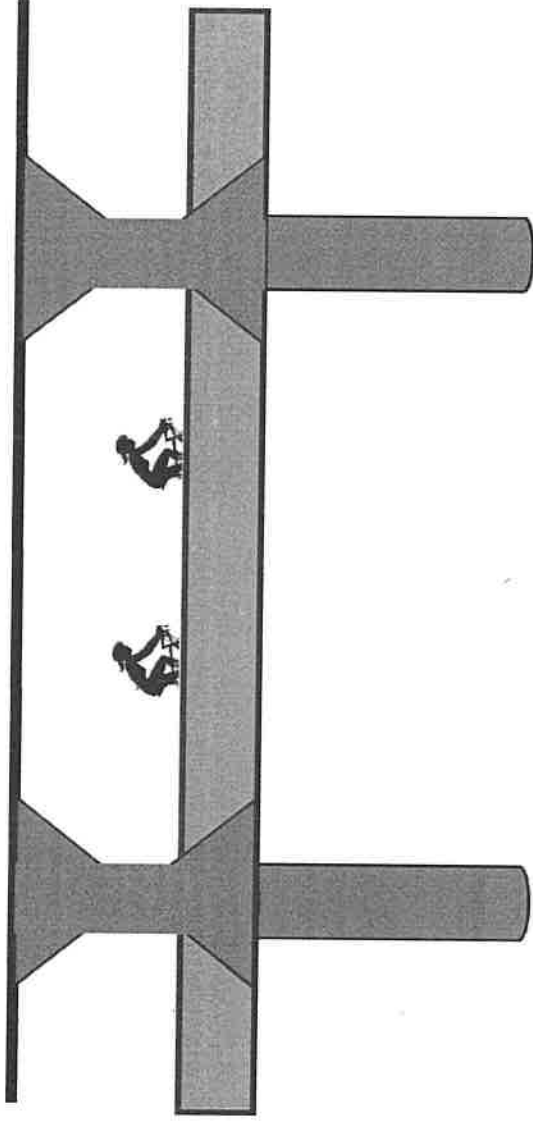

## Centerline view

Transparent roof with solar panels along centerline  
for lighting at night

## Side view

Notes: visit [bikeskyway.org](http://bikeskyway.org) for more info, images, and video

\*transparent roof is mandatory (preferably with solar panels) It rains fairly often in Portland.

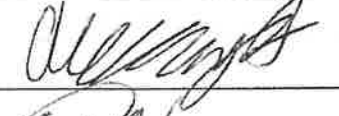

\*if you want a tunnel, dig one into the ground. This is a skyway. It has a transparent roof and solid railing but is otherwise completely open to the air.

\*The bicycle skyway needs to be big (over-sized) to accommodate a growing bicycle demographic

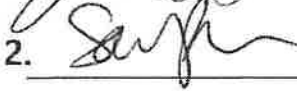

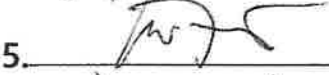

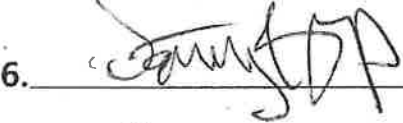

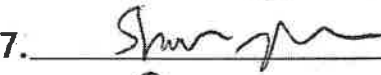

## Petition for a bicycle skyway system for Portland, Oregon

Yes! I support ODOT funds to be appropriated for the construction of a true, miles-long bicycle skyway system for Portland, Oregon which separates the bicycle traffic from the car traffic. The skyway shall be elevated above ground level and connect the city center riverfront area to multiple public parks in suburban areas.
